

ARIZONA WING CIVIL AIR PATROL

Aerospace Education Committee's Mission Statement:

The mission of the AZ Wing CAP Education Committee is to:

- Develop an informational package to be used when talking to school boards or their representatives that at a minimum will include, but not be limited to the following:
 - ✓ AZ Standards/CAP Objectives Cross Reference
 - ✓ Curriculum Scope and Sequence Plan (credits and yearly schedule)
 - ✓ Possible funding options
 - ✓ Promotional materials such as flyers, fact sheets and/or a PowerPoint presentation
 - ✓ Biographies of committee members
- This committee supports aerospace education in cooperation with the many other groups and agencies that have the same goals.

Aerospace Education Program's Mission Statement:

The mission of the AZ Wing CAP Aerospace Education Program is to provide the youth of our state a military style program that enhances their academic achievement and leadership skills. The program will enhance the academic development of the student by surrounding them with the excitement and history of aviation and space exploration. It will aid their emotional maturity by progressively giving the student more responsibility within the program; and aid the student in developing a sense of duty to their community by providing service to their local community

AZ Wing CAP Education Program's Vision Statement:

The implementation of CAP cadet programs at the high school level in Arizona schools.
